

DIRECTOR, PORTFOLIO STRATEGY

BOSTON, MA – MIAMI, FL
- FULL-TIME -

Cytovia Therapeutics is a biotechnology company that aims to accelerate patient access to transformational immunotherapies, addressing several of the most challenging unmet medical needs in cancer. Cytovia focuses on Natural Killer (NK) cell biology and is leveraging multiple advanced patented technologies, including an induced pluripotent stem cell (iPSC) platform for CAR (Chimeric Antigen Receptors) NK cell therapy, next-generation precision gene-editing to enhance targeting of NK cells, and NK engager multi-functional antibodies. Our initial product portfolio focuses on both hematological malignancies such as multiple myeloma and solid tumors including hepatocellular carcinoma and glioblastoma. The company is establishing R&D and GMP manufacturing operations in the greater Boston area and partners with Cellectis, CytImmune, the Hebrew University of Jerusalem, INSERM, the New York Stem Cell Foundation, STC Biologics, and the University of California San Francisco (UCSF).

The Role

The Director, Portfolio Strategy is a key contributor to supporting product strategy, ensuring competitive landscape, risks, and trends are integrated. The Director, Portfolio Strategy works in close collaboration and under the direction of the VP of Corporate and Product Strategy who will provide strategic direction, therapeutic area expertise, prioritization of development, and management of Cytovia's product portfolio. The role interacts cross-functionally with R&D, manufacturing, and BD divisions.

Key Responsibilities:

- Identify unmet medical need areas and gaps for opportunities for internal assets.
- Identify claims and evidence that will result in a TPP (Target Product Profile) for each key asset.
- Lead the Competitive Intelligence process to ensure Cytovia remains highly competitive in its markets and in the areas of cell therapy and gene editing.
- Summarize market access data to support commercial opportunities assessment.
- Strengthen the R&D/commercial interface to enhance pipeline value, accelerate priority assets/data readouts, and maximize future commercial success.
- Establish the long-range forecasts & analytics and financial rigor (P&L, e-NPV, cash flow) for key assets.
- Participate in the evaluation of licensed-in/out projects with a focus on the future commercial value (NPV) of the candidates.

Requirements:

- Pharm D or PhD combined with MBA or finance background.
- 5 years+ experience in consulting/investment banking (focusing on healthcare) and/or biotech/pharma
- Experience in oncology and/or cell therapy
- Strategic mindset, leadership & influence capabilities
- Experience in P&L, forecasting, and analytics
- Experience working in a cross-functional setting
- Good communication and presentation skills

Cytovia Therapeutics is an Equal Opportunity Employer

We strive to create a space free of both explicit and implicit discrimination and harassment where everyone feels safe, heard, and valued. The character of our employees is as important as their talent, and we're proud of the team and environment we're assembling as we grow.
